### COLD NIGHTS

### CAUSE CATARRH

Everyone Should Use Hyomei and Kill the Germs.

No other season of the year is responsible for as many cases of catarrh as the spring. The warm days and cold nights, with frequent and sudden changes in temperature, bring the catarrhal "snuffles" to nearly everyone.

The best physicians long ago saw the folly of taking medicine into the stomach to kill catarrhal germs in the head and throat. Air alone can reach these germs, and today the most successful physicians prescribe Hyomei for all catarrhal troubles.

The germ-killing and health-giving Hyomei, when breathed through the pocket inhaler that comes with every outfit, penetrates to the most remote coils of the air passages and respiratory organs. It searches out and kills catarrhal germs in the head, throat and lungs, soothes and heals the irritated mucous membrane and absolutely drives catarrh from the system.

Thousands of testimonials like this of Capt. Cameron, in charge of the Salvation Army at Berkeley, Cal., attest to the speedy relief given by Hyomei. Capt. Cameron writes: "I have been a sufferer from catarrh of the throat for a number of years, so bad that I could not speak so as to be heard at any distance. The first use of Hyomei relieved me, and I believe that it has given back to me the good voice I had in years gone by."

The complete Hyomei outfit costs but one dollar, and includes an inhaler and sufficient Hyomei for several weeks' treatment. You take no risk in buying Hyomei. Rickert & Wells absolutely agree to refund the money if it does not give satisfaction.

## Timely Advice!

A young man once did serenade  
A charming little belle,  
But she told him his apparel  
Did not suit her very well.  
She said: "A suitor with a Suit  
That does not suit his pearl!"

Had better get another Suit  
Or find another girl."  
She said: "You buy a 'Korn' Suit,"  
And the young man never tarried.  
He bought a Suit that was a "beaut!"  
And now the two are married.
